Will a griefer destroy Steve's hope of winning the elite building competition? This

adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. In this third installment of the Minecraft Gamer's Adventure series, Steve is invited to participate in an elite building competition on Mushroom Island. His friends—Max, Lucy, and Henry—are impressed and want to join their friend on a journey to the island. Yet not everyone is happy: Steve's neighbor Kyra is upset because she wasn't chosen as a contestant. Steve asks Kyra to come to the competition and help the gang build boats to get to Mushroom Island. She agrees, and the group sets out on an adventure to the contest. Getting there is half the fun, and the group treks through the jungle, where they find a rare temple filled with treasure! But getting the treasure isn't easy, and they have to fight fierce battles to continue their journey. After their exhilarating and rewarding journey to the contest, they finally make their way onto the island and meet the judges, as well as the other four contestants, whose egos are as big as the houses they are building. Steve builds his dream house to impress the judges, but just as they begin judging, the island is overrun with Endermen. Mushroom islands are known for not having hostile mobs, so everyone knows it's the work of a griefer. Is it one of the contestants? Nobody knows, but they all have to work together to battle this invasion of the Endermen. Will they be able to defeat the Endermen and find out who the griefer is? And who will win the building contest? Find out in this thrilling third installment of the Minecraft Gamer's Adventure series! second novel of the brand-new series about the aquatic world of Minecraft! Brothers Mason and Asher have only ever known the comfort of dry land in the Overworld. But when a terrifying shipwreck leaves them stranded, their new friend Luna urges them to safe haven—underwater. In each story of the all-new series for Minecrafters, Aquatic Adventures in the Overworld, this unlikely trio must make the choice of staying in the world they know best and risk death, or voyaging into an unknown world where anything could happen. Follow their journey as Mason, Asher, and Luna face incredible obstacles and discover strength they never knew they had in Aquatic Adventures in the Overworld. In the second novel of their aquatic adventures, Mason and Asher’s underwater base seems safe and peaceful, except for the fish-beast guardians that swim past. But when glowing eyes appear—watching the brothers through their glass walls—they realize they’re trapped. The Drowned are everywhere! Food is running low and a leaking roof threatens to cave in. Will Luna arrive in time to help, or will Mason need to leave his home and face the Drowned head-on? Get ready for a brain-building STEM adventure! This colorfully-illustrated, video-game themed learning tool is focused on four critical domains for young, 21st century learners: Science, Technology, Engineering, and Math. These content areas can be taught in isolation, but teaching them together (using diamond swords, zombies, creepers and redstone traps for added fun) allows for deeper understanding and authentic connections to the world where kids live and play. Children won’t need to be nagged to dive headfirst into this collection of over one hundred S.T.E.M. activities and challenges. Each lesson invites gamers to use the same kinds of creativity, critical thinking and problem-solving skills they enjoy using in their favorite video game. Stand back as they go beyond rote learning and enjoy having the freedom to take risks, form theories, and pose unique solutions to complex real-world problems. Whether they’re learning binary code, considering the laws of physics, or delving into architectural design, they’re finding new interests and building confidence in the classroom and beyond. Perfect for video-game-loving kids who want to learn STEM Includes hundreds of step-by-step, full-color illustrations to guide readers of all ages Helps encourage creativity and problem-solving skills This forward-thinking workbook challenges young Minecrafters to use their natural creativity and problem-solving skills to address real-world problems. Science, technology, engineering, and math come to life on the pages of each colorfully-illustrated lesson. Whether it’s breaking codes, deciphering maps, designing buildings, or engineering a Redstone trap, first and second graders will discover new ways to stretch their brains, build their confidence, and satisfy their appetite for hands-on learning. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. Minecraft has taken the gaming world by storm. Parents of children who play Minecraft will love this fun, educational collection of Bible stories. With the world of Minecraft as a backdrop using vivid, full-color screenshots, this book allows children to experience the Bible as never before. Authors Christopher Miko and Garrett Romines are teachers who have used Minecraft to create imaginative worlds in their classrooms. Now, they have created Bible stories with virtual blocks to produce vibrant, 3-D worlds filled with adventure and astonishing imagination. With fascinating scripture and narrative simplified to teach young readers the most powerful stories ever told, this is the perfect gift. The images created feature not only magnificent, vast terrains often found in Minecraft but also artfully re-created Bible characters, such as Adam and Eve, and superb designs of Noah's ark. Engaging stories including the Tower of Babel and the story of David and Goliath are here. With more than 250 images, young readers will explore the story of creation, the journey of Abraham, Moses's great journey, Jonah and the whale, and more! The Unofficial Holy Bible for Minecrafters: Old Testament makes the Bible more entertaining, engaging, and accessible for children than ever! Python is a powerful, expressive programming language that's easy to learn and fun to use! But books about learning to program in Python can be kind of dull, gray, and boring, and that's no fun for anyone. Python for Kids brings Python to life and brings you (and your parents) into the world of programming. The ever-patient Jason R. Briggs will guide you through the basics as you experiment with unique (and often hilarious) example programs that feature ravenous monsters, secret agents, thieving ravens, and more. New terms are defined; code is colored, dissected, and explained; and quirky, full-color illustrations keep things on the lighter side. Chapters end with programming puzzles designed to stretch your brain and strengthen your understanding. By the end of the book you'll have programmed two complete games: a clone of the famous Pong and "Mr. Stick Man Races for the Exit"—a platform game with jumps, animation, and much more. As you strike out on your programming adventure, you'll learn how to: –Use fundamental data structures like lists, tuples, and maps –Organize and reuse your code with functions and modules –Use control structures like loops and conditional statements –Draw shapes and patterns with Python's turtle module –Create games, animations, and other graphical wonders with tkinter Why should serious adults have all the fun? Python for Kids is your ticket into the amazing world of computer programming. For kids ages 10+ (and their parents) The code in this book runs on almost anything: Windows, Mac, Linux, even an OLPC laptop or Raspberry Pi! While Audrey yearns for new adventures, her brother Oliver dreams of hidden treasures. When the twins explore different biomes, they find plenty of both in 5-Minute Adventures for Minecrafters, an all-new series of stories for Minecrafters that can be read in 5 minutes! In Extreme Stories from the Extreme Hills, Audrey and Oliver collect many treasures—and mini adventures. For every dangerous hike up a rocky cliff, there's a waterfall roaring back down. Each dungeon hides a treasure chest—but also a monster spawner! As the mobs get deadlier, the stakes grow higher. The twins hope to make it back to Birchtown with their treasures in hand. Will the next ravine lead to riches or to a river of hot lava? There's only one way to find out. These five-minute stories promise plenty of twists and turns—and surprise endings. In 5-Minute Adventures for Minecrafters: Extreme Stories from the Extreme Hills, the twins explore one of the Overworld's most treacherous terrains, one exciting step

Steve lives on a wheat farm. He has everything he needs to live in the Minecraft world: a bed, a house, and food. Steve likes to spend his mornings in the NPC village and trade his wheat for emeralds, armor, books, swords, and food. One morning, he finds that Zombies have attacked the villagers. The Zombies have also turned the village blacksmith into a Zombie, leaving Steve without a place to get swords. To protect himself and the few villagers that remain, Steve goes on a quest to mine for forty diamonds, which are the most powerful mineral in the Overworld. He wants to craft these diamonds into a diamond sword to shield him and the villagers from the Zombies. Far from his home, with night about to set in, Steve fears for his life. Nighttime is when users are most vulnerable in Minecraft. As he looks for shelter in a temple, he meets a trio of treasure hunters, Max, Lucy, and Henry, who are trying to unearth the treasure under the temple. Steve tells them of his master plan to mine for the most powerful mineral in the Overworld—the diamond. The treasure hunters are eager to join him. Facing treacherous mining conditions, a thunderstorm, and attacks from hostile mobs, these four friends' question if it's better to be a single player than a multiplayer, as they try to watch out for each other and chase Steve's dream at the same time. Will Steve find the diamonds? Will his friends help or hinder the search? Should he trust his new

treasure hunter friends? And will Steve get back in time to save the villagers?
